A Dialogue with Dr. Chris Benner and Dr. Manuel Pastor**

Guests: SPUR CEO Alicia John-Baptiste and Senior Advisor for Economic Development and Transportation, California Governor's Office Egon Terplan

Monday, September 30, 2019, 8:30am – 3pm

Day overview: A deep dive into *From Resistance to Renewal* and the principals of Solidarity Economics that evolves into small group dialogue with cross sector leaders.

Goals:

- Engage ALF Senior Fellows and community leaders in a high-quality day of networking and learning around the ideas set forth in *From Resistance to Renewal*, with participants considering how they might develop policies and practices in their own organizations / institutions and / or contribute to the larger movement locally and at the state level.
- Test out the theme of Solidarity Economics and related ideas developed in the *From Resistance to Renewal* publication and get feedback on how it resonates.
- Delve into the insights from the *SPUR Report Four Future Scenarios for the San Francisco Bay Area*, and understand how those contexts relate to *From Resistance to Renewal*.
- Identify interesting, insightful, thoughtful leaders who would be interested in engaging more substantively in continuing to develop and speak to these ideas locally and across the state.
